BUT THAT'S NOT ALL: YOU CAN DRAW ON A COMPREHENSIVE RANGE OF ADDITIONAL CONFIGURATION OPTIONS ALONGSIDE THE STANDARD PEAK PERFORMANCE – FOR COMPLETE PERFECTION IN YOUR WORKFLOWS. GET A REAL HEAD START IN EFFICIENCY!

## EFFICIENCY AND FLEXIBILITY INCLUDED

Perfect your workflows: Day-to-day experiences have shown which functions are most important for efficiently managing complex, regularly recurring tasks. Tap into the potential of colour and b/w multifunctional systems while increasing the quality of your deliverables. You should not have to settle for less.

- **Improve your image:** Create attractive handouts or presentations for customers on high-quality paper with additional cover sheets and back pages, print internal documents on normal paper. High paper capacities mean you don't have to refill as often.
- **Increase your productivity,** meet your deadlines: You will soon have the first page in your hand thanks to short warm-up times and a rapid first copy. High-speed outputs of up to 35 pages per minute in b/w (3560i), 25 pages per minute in colour (2500ci) and incredibly high duplex productivity ensure your documents are ready in the blink of an eye – with no time pressure.

- **Simplify organisation:** Define up to 50 dividers per print job, sort copies and prints into separate output trays so that your documents do not get mixed up.
- **You will be pleased with the clear 'Look and Feel' feature:** Click the easy-to-understand, intuitive operation that is included in all systems via a colour touch panel, and zoom and swipe as you would on a smartphone or tablet.
- **Don't lose your way:** Simply adjust the Home screen to meet your requirements. The 'Home' button brings you back to where you started from.
- **Streamline document management:** Everything is on hand in your individual document mailbox so that processing print data for recurring jobs is no longer necessary.

- **Improve your cost controlling,** keep document-related costs transparent: The costs for printouts and copies can be assigned to up to 1,000 management codes (departments or projects).
- **Protect confidential information:** The 'Private Printing' function prevents unauthorised access to your documents.

Convenient, direct printing via USB host.

Intuitive operation, just like a smartphone.

Visually appealing integration of the card reader\*.

## INNOVATIONS THAT SIMPLIFY YOUR WORK

Make things easy for yourself: We have developed new features for these new colour and b/w multifunctional systems that will let you improve your workflows. You will also reduce your costs. In other words, these are improvements that you will profit from!

- **Save time and money:** The 2500ci automatically recognises colour and b/w templates during copying and processes them appropriately, such as blank pages that are not taken into account – because organising can be tedious and time-consuming.
- **Stay connected:** Mobile printing\* is supported so that you can scan and copy directly from your smartphone or tablet whilst on the move.
- **'Send to me'** – sends important documents directly to your e-mail address via the Home screen.
- **Conserve resources,** reduce your energy consumption: Work in a more environmentally friendly manner with the 'Deep Sleep Mode' and only activate the system components that you really need.
- **Show the format:** Print and scan formats from A6R up to A3, use paper weights of up to 256 g/m<sup>2</sup>.
- **You don't have to send large volumes of data via e-mail:** You can compress PDF files early on when scanning as standard and check the size of documents before sending.

Configuration made to measure:  
Flexible systems are integrated  
in your workflow individually and  
in line with all your requirements.

## CONFIGURATION MADE TO MEASURE: TAILORED TO YOUR NEEDS

The workflows and office environments are so unique, which means that the requirements for multifunctional systems are customised. You will have such a large range of options available to configure your system to meet your needs.

- **External appearances are important:** Impress your customers and business partners with your attractive documents. Documents are stapled with the finisher\* so they are dispatch-ready and the post can be sent!
- **Optimise your workflows:** Speed up your scanning processes by scanning colour and b/w templates with the dual scan original feeder\* with a total capacity of 175 pages.
- **Remain flexible:** Use the HyPAS interface to set your system up with precisely those software solutions that correspond best to your personal workflows.

- **Find it, while others are still searching:** Create text-searchable PDF files\* while scanning.
- **Gain in time:** You can access your print jobs at any time from any location from the system of your choice using Follow-Me-Printing solutions\*.
- **Pure efficiency** – The individual software solutions for all aspects of your documents will make you tough to beat: Solutions are available to increase productivity and security standards and optimise scanning and archiving processes.
- **Protect your data:** The Data Security Kit\* enables you to delete your data and prevent data on the hard disk from being retrieved after use.
- **You define who can do what:** Scalable security and accounting solutions\* determine user groups and the range of access options.

## 2500ci – ACHIEVE EVEN BETTER EFFECTS WITH COLOUR

Produce real eye-catchers with colour. – Colour documents are more easily noticed, more memorable and last longer in the memory. Hardly any industry can get by without colour printouts; various user groups want to benefit from the positive effect of colour documents. Colour packs a punch.

- **Get creative:** Use the intuitive tools of the multi-faceted printer driver.
- **Optimum colour levels:** Create office documents that look more appealing and are higher quality – without additional configuration.

- **Save money:** Use the intuitive colour printing function when you need it. Define which user groups should be able to print in colour. This could be achieved using a card reader system\*.
